Dear Will:

On behalf of the Edenton High School/DF Walker Association, the Media Empowerment Project, and residents of the Town of Edenton who will be able to participate in the activities that will be held at the Center, we take this opportunity to say thank you personally for the computer donations you authorized through Gateway Bank.

This gift will greatly benefit members of our community who are underserved and unskilled in technology skills and will provide them access to some of the tools that can and will open up new avenues of educational and career-building opportunities for them.

Special thanks to Michelle Moore and James Hinton for their initial interest in our program and the positive follow up.

IT Servicemen Howard D. Clarke and Bobby Culver were wonderful. They were polite, professional and extremely helpful. Please let them know that their efforts and expertise were greatly appreciated.

Thanks to you and Gateway Bank, things are now being put in place for us to begin serving residents in our community in a positive and empowering manner.

If in the future we can ever be of service to Gateway, please let us know.

Again, we thank you.
